  - At Polo Ridge Farms**
- A copy of the mare's registration certificate shall be provided to Stallion Owner with this agreement.
- All charges accrued due to additional shipment of cooled semen (including rebreeds) shall be paid directly to Polo Ridge Farms.
- If using shipped cooled semen, the Mare Owner agrees to comply with all AQHA, APHA, ApHC or other breed association requirements concerning the use of handling of transported cooled semen. Collection and shipment can be made on Monday, Wednesday, and Friday with 24 hours notification. Confirmation of shipment is required by 8:00 am PST the day of shipment.
- The mare shall be in healthy and sound breeding condition, free from transmittable illnesses or diseases. If the Mare is brought to the breeding facility, a Veterinarian Health Certificate, worming and immunization records and a current Coggins test shall accompany the Mare. If not presented upon Mare's arrival, the Breeder's veterinarian shall conduct the tests at Mare Owner's expense and the Mare will not be bred until these tests are in Breeder's possession. If Mare is found to be infected or otherwise not in breedable condition, the Breeder shall notify Mare Owner and agree upon a course of treatment. If, after diligent effort has been expended by Stallion Owner, the Mare does not settle, the Mare Owner shall hold the Breeder and the Stallion Owner blameless.
- Breeder agrees to use judgment consistent with recognized standards in care and feed and supervision of the mare and/or foal. Breeder agrees to assume responsibility for arranging veterinarian and farrier services as necessary. Breeder's veterinarian will administer medical care as deemed necessary for the health and safety of the mare and/or foal. Mare Owner agrees to pay all such veterinarian and farrier expenses.
- Mare owner agrees that the Stallion Owner and/or Breeder shall not be held responsible for any injuries, accidents, sickness, or death to either the mare and/or foal. Mare Owner shall be notified in case of accident, injury, sickness, or death.

8. Mare Owner shall not be held responsible for any accidents or injuries which might be inflicted upon the Stallion by the mare incident to teasing or breeding the mare.
9. **Live Foal Guarantee.** If the Mare Owner's mare is barren, aborts, or fails to produce a single live foal that can stand up unassisted and nurse, Stallion Owner will allow Mare Owner a return breeding privilege of the Mare to Stallion (or a substitute mare, if acceptable to Stallion Owner) in the next breeding season only, provided that Mare Owner furnishes a satisfactory certificate issued by a licensed veterinarian attesting to either occurrence within thirty (30) days of the date of occurrence. Mare owner agrees to pay additional chute fee, collection and shipment fees for a re-breed conducted after the first year of service. The re-breed must occur by April 15 of the next breeding season if the mare is open unless permission is granted by the Stallion Owner. Mare owner must contact Montlake Farms LLC or Polo Ridge Farms when the mare has been checked in pregnancy and advise us of the mare's status. We require an ultrasound examination at 14-16 days post ovulation and again at 24-35 days to confirm pregnancy to insure your live foal guarantee.
10. **Live Color Guarantee.** If Mare Owner's APHA mare produces a solid color foal, Mare owner is allowed a return breeding. Mare agrees to pay additional chute fee, collection and shipment fees.
11. If for any reason, the Stallion covered by this agreement should die or become unfit for service, frozen semen is available or the breeding fee will be refunded.
12. Breeding season begins on February 15 and ends on July 1.
13. This agreement may not be transferred or sold and shall be binding upon the parties thereto, their heirs, executors, administrators, or assigns.
14. The Stallion Owner reserves the right to use the names and photographs of the stallion's foals for advertising purposes.
15. Mare Owner will be solely responsible for seeking registration of the foal in the appropriate breed registry and will pay all associated fees or expenses. Breeder's certificate will be issued only when all monies have been paid in full.
